[XTL-5600] Sharp Flush Cutter Pliers - For Cutting Beading Wire, 1 Piece, [XTL-5514] The Beadsmith Jewelry Fine Round Nose Micro Pliers, [XTL-5511] The Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose, [XTL-7206] The Beadsmith Magical Crimping Pliers, Transforms 2mm Tubes into Round Beads, 1 Piece, [XTL-3000] Bead Stopper- Stop Beads Sliding Off Stringing Material

Instructions

This design measure approximately 6.5 inches. To adjust the length, simply modify the number of beads strung.

1. Open one jump ring and attach it to the charm. Close the jump ring and set aside.
2. Cut 10 inches of beading wire and add a bead stopper about two inches from one end.
3. String the beads in the following order: 5 gemstones, 1 lotus (facing out from center), 3 gemstones, 1 bead cap (facing out from center), 1 jump ring with charm, 1 bead cap (facing out from center), 3 gemstones, 1 lotus (facing out from center), and 5 gemstones.
4. Then string on one magical crimp. String the wire up and around one loop of the magnetic clasp. Using the Magical Crimping pliers, crimp the tube as seen in our video: [How to Use the BeadSmith Magical Crimp Forming Tool with Magical Crimps](#). Trim any excess wire.
5. Remove the bead stopper from the other side, and repeat the above process to finish the bracelet.
