Project uses 1 Spool

Recommended Tools:

[XTL-0373] Tulip Premium Scissors, Gold Handle 5 Inch, 1 Pair, [XTL-3006] The Beadsmith

English Beading Needles Size 12 (4 Needles)

Instructions

1. If you are unfamiliar with right angle weave, please watch our video: [How to Right Angle Weave](#). From what you learned in this video, create one strip of right angle weave with the orange beads. You can make this as long as you need to, keeping in mind that the clasp will add about 1/2 inch.
2. To see how to add the edge to this strip of right angle weave, please watch our video: [How To Do Right Angle Weave with an Edging using Crystal Rondelles](#). From what you have learned in this video, use the white beads to begin the clasp portion and then continue creating the edge down one side of the bracelet. You will then complete the second portion of the clasp and the other side with edging. Tie off and weave in your threads.
