Nunn Design Collage Sheet Winter Holiday Christmas Theme For Scrapbook - Fits Nunn Designs

SKU: XTL-9507
Project uses 1 piece

Specialized Tools

Fiskars 5 Precision Tip Scissors - Super Sharp

SKU: XTL-5700

Instructions:

You will need a paint brush and a clean surface to work on for this project.

This bracelet measures approximately 8 inches.

1. Look through your Nunn Design Winter Collage Sheet and find 11 images you like. I chose a variety of Santa Claus and bird images. Choose 11 images that can fit under your 12mm round glass cabochon dome tiles.
2. Begin by rough cutting around the edges of your 11 images. See photo for image reference.
3. Next, watch the instructional video: How to Make a Keepsake Photo Pendant.
4. Follow the instructions in the video to affix your 12mm round glass cabochon domed tiles onto your images using Diamond Glaze adhesive.
5. Once your tiles have been glued to the images, allowed to dry, and trimmed, flip the tiles upside down and use a paint brush to apply a layer of Diamond Glaze to the back of the images to seal them. Allow to dry for about half an hour before moving on.
6. Now lay your antiqued silver tone steel bracelet on your work space with the flat pads facing up.
7. Apply a small amount of E6000 glue to the first flat pad of your bracelet and place one of your glass tiles on top (with the images facing up), and make sure that it is centered.
8. Repeat this process 10 more times, adding the rest of your glass domes onto your bracelet. Allow the glue to dry to at least an hour before wearing.
9. Your bracelet is done!

Variations

Look through a variety of collage paper and pick your favorite images for your bracelet.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
