Recommended Tools:

[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

Instructions

This wrap bracelet measure's 14" long. When wrapped around the wrist, it is 7" long. To make your bracelet longer or shorter, simply adjust the cord length.

1. Begin by cutting a 14" length of black faux leather cord with your flush cutters.
2. Take the hook portion of 1 clasp set, and carefully add in a few drops of Super New Glue into the recess. Take one end from one side of your black cord and carefully push it into the glue, making sure to secure it in place.
3. Set it aside to dry for a few minutes.
4. Next, take your collection of European Style large hole beads and slide them onto your cord in this order: 1 owl bead, 1 lion bead, 1 teddy bear bead, 1 rabbit bead, 1 rooster bead, 1 elephant bead and 1 duck bead.
5. Next, take the eye portion of your clasp set and add in a few drops of Super New Glue. Take the other end of your cord and carefully push it into the glue.
6. Once your bracelet is dry, close the clasp and you're done!
