Instructions

1. Onto a head pin, slide 1 green Amazonite gemstone bead and create a wrapped wire loop. Snip off excess wire using your flush cutters.
2. Onto a head pin, slide 1 Czech fire polish bead in Metallic Gold/Topaz and create a wrapped wire loop. Snip off excess wire using your flush cutters.
3. Onto a head pin, slide 1 Czech fire polish bead in Pale Green Luster and create a wrapped wire loop. Snip off excess wire using your flush cutters. Repeat again to make a second dangle. Repeat again with a Crystal Gold bead.
4. Open a jump ring using your chain nose pliers and slide on the loop from 1 pale green bead dangle. Before closing, slide it onto the bar that's within the first loop on the left side of your Nunn Design bangle and close. Refer to the photo for assistance.
5. Next, open another jump ring, slide on the loop from your Amazonite gemstone bead dangle and slide it onto the second loop on the left side of your bangle and close.
6. Open a jump ring, slide on the loop from your heart padlock charm and slide it onto the middle bar section of your bangle and close.
7. Open a jump ring and slide on the loop from your Crystal Gold bead dangle and attach it onto the bar next to the previous charm and close.
8. Open the loop on your second Pale Green Luster bead dangle (how you would a jump ring) and attach it onto the bar next to the previous bead dangle and close.
9. Open a jump ring and slide on the loop from your Metallic Gold/Topaz bead dangle and attach it onto the bar next to the previous charm and close.
10. Take your Nunn Design round flat tag, and place a small dab of E-6000 glue onto the center. Gently place your fleur de lis embellishment on top. Set aside to dry for a few minutes.
11. Once dry, open a jump ring and slide through the hole on the flat tag. Before closing, slide it onto the second loop on the right side of your bangle and close.
12. That's it!
