Micro Pliers Chain Nose Flat Nose, [XTL-5514] Beadsmith Jewelry Fine Round Nose Micro

Pliers

Instructions

1. Before you begin, remove the jump rings that come with your 2 rose charms using your chain nose pliers. Set aside.
2. Slide a red bicone bead onto a silver plated head pin and create a simple wire loop. Snip off any excess wire with your flush cutters. Repeat this step with your second red bicone so you have 2 bead dangles.

3. Using your chain nose pliers, open a jump ring and slide on the loop from one of your bead dangles. Before closing, slide the jump ring onto the bottom mid section bar of your adjustable wire bangle and close.
4. Open a jump ring and slide on the loop from your right sided red rose enamel charm. Before closing, slide the jump ring onto the bracelet bar next to the red bicone bead dangle.
5. Open up the jump ring that comes with your red heart charm, and slide it onto another jump ring and close. Open that second jump ring and slide it onto the larger jump ring that is already on your wire bangle and close.
6. Open a jump ring and slide on your left sided red rose enamel charm. Slide the jump ring onto the bracelet bar next to your heart charm and close.
7. Lastly, open the last jump ring and slide it onto the loop of your second bead dangle. Before closing, slide it onto the bracelet bar next to your rose charm and close.
8. That's it!
