### Instructions

If you need to adjust the size of your solid brass cuff bracelet, be sure to do so before you glue on your embellishments.

1. Please refer to the photos often to follow my exact floral pattern. You will be using your E-6000 glue, to glue on Czech glass pip beads in Gossamer Crystal for the flower "petals" and Olivine Green for the "leaves".
2. Begin by placing a dab of glue onto the natural brass cuff, at about the 1" mark from one side. Place a Gossamer Crystal pip bead on top, with the flat side facing down. Repeat this step and add on 5 more pip beads with the pointed edges touching to complete the flower pattern.
3. Next, add some more glue and place 2 more Olivine Green pip beads onto the sides as the "leaves". Please refer to the photo for placement assistance.
4. Continue this pattern throughout the cuff, adding 4 more floral patterns.
5. Set aside to dry and enjoy!
