SKU: BGL-02004

Project uses 3 pieces

Czech Crystal Brass Rhinestone Cup Chain 24PP Jet Black (By The Foot)

SKU: CHA-10113

Project uses 1 foot

## Recommended Tools:

[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

## Instructions

Please adjust the size of your raw brass cuff before you add on the embellishments.

1. Cut the following lengths of black Czech glass cup chain using your flush cutters: four 11 cup long lengths and three 13 cup long lengths. Set aside for now.
2. Next, referring to the photos often, carefully begin gluing down your faceted cabochons onto the raw brass cuff. Add a dab of E-6000 glue starting at the center and place 1 black 13x18mm cabochon vertically onto the glue.
3. Add a thin line of glue surrounding the cabochon and carefully wrap a 13 cup long length of black cup chain around the cabochon, placing it on the glue.
4. Next, glue on a gray 10x14mm cabochon and surround it with a cup chain length that is 11 cups long. See photo for placement assistance.
5. Continue referring to the photo and mimic my design, remembering to leave enough room around each cabochon for your black cup chain lengths. Glue on the rest of your cabochons and cup chain. See photo,

6. Once all your components are glued on, set aside to dry.

7. Enjoy!
