SKU: BCP-33429

Project uses 64 pieces

Crystal Clay 2-Part Epoxy Clay Kit 'Black' 25 Grams

SKU: TRC-230

Project uses 1 piece

Instructions

1. Before you begin, please watch the videos on How To Use Crystal Clay and How to Make a Seed Bead and Crystal Clay Bangle by Nunn Design. You will be doing a similar technique.
2. Following what you learned in the video, put on your gloves and make a gumball sized amount of mixed black clay. Gently press into the channel of your bangle, without getting any clay on the outer edges.
3. Begin embedding your CzechMates 2-hole bar beads in Matte Metallic Leather and Matte Metallic Flax in a vertical rotating pattern. Make sure to embed about half of each bead into the clay. See photo.
4. Set it aside to cure over night. You're done!
