

Firenze Bracelet

Project B670

Designer: Julie Bean

Make this urban chic bracelet using 3 different types of metal beads and a modified ladder stitch. You will be surprised at how quickly this bracelet comes together and how comfortable it is to wear.

SKU: FCL-6805

Project uses 2 clasps

Recommended Tools:

[XTL-5700] Fiskars 5 Precision Tip Scissors - Super Sharp, [XTL-3004] Beadsmith English Beading Needles Assortment So Handy

Instructions

This project results in a 6.5" bracelet. If you need a longer one, please purchase an additional pack of BMB-5305 Antique Brass 4mm Cube Beads.

1. Cut as long of a length of Wildfire black beading thread as you are comfortable working with and thread it onto a size 12 beading needle. Place a stop bead 12 inches from the end.
2. Please watch the video tutorial How to Bead Weave a Metal Bead Bracelet using Modified Ladder Stitch. This video shows how to make the Firenze bracelet and how to attach the clasp.
3. You will also need to reference the video: How to Tie Off and Add New Thread in Bead Weaving. During the course of this project you will most likely need to add more thread once or twice.
4. Have fun making this project!
