Instructions

Feel free to place these charms on the bangle in any order you like, or you can look at the photo for reference.

1. Using your flat nose pliers, open a jump ring and slide on your TierraCast Mom charm. Close the jump ring around one wire bar of your expandable bangle, attaching the charm to the bracelet.
2. Repeat this step with the TierraCast sun charm.
3. Open another jump ring and slide it through the loop of one Swarovski peridot crystal charm. Close the jump ring, attaching the charm to the bangle next to the first charm.
4. Take one head pin and slide on one butterfly crystal bead. Using your round nose pliers, create a simple wire loop. Clip off the excess wire from your head pin with wire cutters.
5. Repeat this step with the five remaining butterfly crystals.
6. Open a jump ring and slide it through the loop of one of your butterfly crystal dangles. Then attach that jump ring to your bangle.
7. Repeat this step for the five remaining butterfly crystal dangles.
8. Take another head pin and string your Swarovski crystal drop bead. Use your round nose pliers to create a simple wire loop, then clip off the excess wire with wire cutters. Open a jump ring and slide it through the loop you just created, then attach it to the bar of your bangle.
9. Your bangle is ready to wear!
