Instructions

No tools required!

1. Your bracelet has two smart bead stoppers already attached: one near the lobster clasp and one near the loop on the other end. Slide the smart bead stopper near the loop off of the bracelet. Set it aside for now.
2. Begin sliding beads onto your bracelet in the following order: one BeCharmed square pave slim bead, one BeCharmed rondelle, one white opal mosaic bead, one BeCharmed rondelle, one BeCharmed pave bead, one BeCharmed rondelle, one white opal mosaic bead, one BeCharmed rondelle, and one BeCharmed square pave slim bead. See the photo for reference.
3. Slide the smart bead stopper that you removed in the first step back onto the bracelet. Make sure your beads are centered on the bracelet, and if they are not, just scoot them and the smart bead stoppers into the position that you want. Your bracelet is finished!
