Wire/Soft Flex

## Instructions

These instructions will make a 6 inch wrap bracelet. For a longer or shorter bracelet, adjust the length of cord you cut.

1. Take the medium gray studded faux suede cord from the package. Using flush cutters, cut a 24 inch length of cord.
2. Place a few drops of Super New Glue into the well of one silver cord end. Insert one end of the length of faux suede cord and let it dry for a few minutes.
3. Repeat step 2 to attach the second cord end to the other end of the cord.
4. Open a jump ring. Slide it through the loop of one cord end, and also slide on the loop of your clasp. Close the jump ring.
5. Open another jump ring. Slide it through the loop of the other cord end on the other end of the bracelet. Close the jump ring.
6. Wrap the bracelet 4 times around your wrist and close the clasp. Enjoy!
