

# MoMA Bracelet

## Project B7053

Rachel Zaimont

Swarovski crystal cube beads are interspersed with cube shaped silicone Bead Bumpers and silver noodle beads in this modern bracelet, reminiscent of a museum gift shop find.

Project uses 1 piece

### Recommended Tools:

[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex, [XTL-5200] Standard Size Beading Crimping Pliers (For 2x2mm & 2x1mm Crimp Beads), [XTL-6130] Wrapit Beading Loom Craft Kit, Includes Beads, Nylon Cord & Instructions, Makes up to Five Bracelets

## Instructions

These instructions will make a 6 inch bracelet. For a shorter bracelet, string fewer beads on your beading wire. For a longer bracelet, please be advised that you will need to purchase additional Swarovski crystal cube beads.

1. Using flush cutters, cut a 10 inch length of Soft Flex beading wire.
2. String 1 silver crimp tube about 2 inches from one end. Also string the loop of half of your magnetic clasp. Take the wire back through the crimp tube and pull snug. Crimp the crimp tube using crimping pliers. Cut off the excess wire tail with flush cutters.

3. String 1 black Bead Bumper followed by 1 Swarovski crystal cube bead in vitrail, and repeat that pattern three more times. String 1 more Bead Bumper. String 1 curved silver noodle bead.
4. Then string 1 Bead Bumper followed by 1 Swarovski crystal cube bead, and repeat that pattern seven more times. String 1 more Bead Bumper. String 1 curved silver noodle bead.
5. String 1 Bead Bumper followed by 1 Swarovski crystal cube bead, and repeat that pattern three more times. String 1 more Bead Bumper.
6. String another silver crimp tube and slide it down to the end of your strung beads. Also string the loop of the second half of your magnetic clasp. Take the wire back through the crimp tube and pull snug. Crimp the crimp tube using crimping pliers. Cut off the excess wire with flush cutters. Enjoy your bracelet!
