

Grand Cayman Bracelet

Project B7054

Rachel Zaimont

Bright, coastal colors give this herringbone stitch bracelet contrast and pop, while a brick stitch decrease at both ends lends a polished look to this bead woven piece.

What You'll Need

Toho Round Seed Beads 15/0 41 Opaque White 8 Gram Tube

SKU: JSO-0026

Project uses 1 piece

Extra-Fine Thread Snips - Cuts Textiles, Yarn, And More!

Instructions

These instructions will make a 6 1/2 inch bracelet. For a longer or shorter bracelet, adjust the length of herringbone stitch weaving.

1. Begin by watching our video on how to weave flat herringbone stitch. Cut a 5-foot length of Fireline thread and thread a needle.
2. Following the technique shown in the video, weave a ladder stitch foundation row that is 10 seed beads long, with the following color pattern from your Exclusive Beadaholique designer color palette in Bay Breeze: 1 antique brass bead, 2 white beads, 1 rose gold bead, 2 turquoise beads, 1 rose gold bead, 2 white beads, 1 antique brass bead.
3. Continue weaving herringbone stitch until your bracelet is 5 1/2 inches long, or your desired length. While weaving, you will need to tie off and add new

thread.

4. Next, please watch our video on how to finish herringbone stitch with a brick stitch decrease. Following the instructions in the video, weave back through your last row of beads using ladder stitch, and add successively shorter rows of brick stitch, using the antique brass seed beads, until the piece tapers to a row of three beads. Sew on half of your magnetic clasp. Weave in your thread tail.

5. Repeat the process in step 4 on the other side of the bracelet and add the second half of your magnetic clasp. Tie off and weave in your thread tail.

6. Enjoy your bracelet!
