Instructions

1. This bracelet is very easy to make and is done so using the right angle weave bead weaving technique. You can see how to make this bracelet from start to finish in the video: [How to Right Angle Weave the La Siene Bracelet](#).
2. Also shown in the video is how to attach the clasp by tying it onto your bead weaving. No jump rings or other findings are used.
3. A great project for the beginner bead weaver.
