Instructions

1. To make this bracelet, please watch the video: [How to Mod Podge Gold Leafing onto a Bangle Bracelet](#)
2. In the video you will learn how to apply the leafing in several layers with Mod Podge and then how to "clean up" and seal the bangle. The key to this design is to apply little bits of foil leafing at a time, let it dry, and then apply more. It is that building up of the leafing that gives the bracelet its distinct look.
