Instructions

A great thing about the supplies for these types of bracelets is that you get plenty of beads, jump rings, head pins, etc. to make multiples for the players on a team or for the supporters of a team. All you would need to do is buy extra bangles and extra charms and you could make quite a few bracelets.

1. To create this bracelet you can either watch the video: How to Make a Sports Team Bracelet or follow the instructions below:
2. Open a jump ring and place onto it 1 wheel bead. Close the jump ring. Open a second jump ring, attach it to the first, and close. Repeat with another 3 wheel beads. Set aside.
3. Place a blue drop bead onto a head pin. Create a wrapped wire loop after the bead. Trim off excess wire. Open a jump ring and attach it to the wrapped wire loop. Close the jump ring. Repeat with another blue bead. Set aside.
4. Place a large orange bead onto a head pin. Create a wrapped wire loop after the bead. Trim off excess wire. Open a jump ring and attach it to the wrapped wire loop. Close the jump ring. Set aside.
5. Open a jump ring and attach it to your sports charm. Close your jump ring.
6. Open your bangle bracelet and slide on all your dangles via their jump rings.
7. Enjoy!
