## Instructions

Note: This bracelet features an adjustable clasp, and with that clasp, can be adjusted anywhere between 6" and 8".

1. The best way to go about making this bracelet is to watch the video: How to Make the Beaded Loom Bracelet Kits.
2. Although this design is not a "kit" featured in the video, it does use the same loom, is the same width as the kits, uses the same size beads, and uses the same clasp. Everything you need to know how to do is shown in the video.
