Instructions

Please note that you are purchasing one foot of the rhinestone cup chain and can make your bracelet any length that you choose.

1. The clasp, jump rings, and ends will add just around 1/2 inch to the overall design length. Cut your cup chain to the length you want your bracelet to be, minus the 1/2 inch for the findings.
2. Onto each end of the cup chain, attach a cup chain crimp on end.
3. Open a jump ring and link it to the loop on one end as well as half the clasp. Close the jump ring. Repeat on the other side of the bracelet.
4. If you want to see how to make this bracelet from start to finish, watch the video: How to use Rhinestone Cup Chain in Jewelry Designs.
5. Enjoy!
