Instructions

This bracelet measures 8 inches total. To modify the length, adjust the number of units woven.

1. Please watch our video: How to Do Flat Spiral Stitch Using SuperDuos. Using what you have learned in the video, begin by cutting a length of 4 feet of Fireline thread (or as long as you are comfortable working with) and thread a size 12 beading needle. As you work, you will need to tie off and add new thread.
2. Follow along with the video to start off your bracelet using an 8mm bead, weave the length of the bracelet, and finish it off with a beaded loop clasp. Enjoy your bracelet!
