Instructions

These instructions will make an adjustable bracelet that fits 6.5 to 7.5 inches. To adjust the length of the bracelet further, add or subtract the number of beaded rows you weave.

1. If you are new to the Wrapit Loom, please begin by watching the video: How to Use the Wrapit Loom by Rainbow Loom. In this video, you will see how to size and knot your leather, and how to set up and start weaving your loom piece.
2. To start your bracelet, weave your beads in the following pattern: (Row one) 1 red seed bead, (Row two) 2 red seed beads, (Row three) 1 turquoise seed bead, 1 red seed bead, 1 turquoise seed bead, (Row four) 4 turquoise seed beads.
3. Now you will begin weaving rows of 5 beads each, following the color pattern shown. Follow this pattern for the desired length of your bracelet.
4. To end your bracelet, simply taper off the last color you are working with, decreasing to one row of 4, one row of 3, one row of 2, and one row of 1.
5. Tie off and knot your Griffin Silk as shown in the video and add glue to your knots. Create extra knots in your leather for several button closure loops, so you can adjust the size. Enjoy!
