

Arctic Orb Wrapit Loom Bracelet

Project B8058

Alexandra Smith

Frosty blue Swarovski Crystal pearls alternate with lustrous Toho demi round seed beads in this Wrapit Loom bracelet. The design is woven on white leather cord with gray Griffin silk. The TierraCast button closure frames a Swarovski Crystal flatback accent.

Instructions

These instructions will make an adjustable bracelet that fits 7.5 to 8.5 inches. To adjust the length of the bracelet further, adjust the length of cord and beads loomed respectively.

1. Begin by preparing your button as follows: Apply a small amount of G-S Hypo Cement into the bezel of your TierraCast button, and set in your Swarovski Crystal round flatback rhinestone. Let dry for at least 30 minutes.
2. If you are new to the Wrapit Loom, please watch our video: How to Use the Wrapit Loom by Rainbow Loom. In this video, you will see how to assemble your loom, size your leather cord, and tie on your TierraCast button. You will also see how to attach your Griffin Silk thread to begin weaving your bracelet.
3. In your first row, add one 8/0 demi round. In your second row, add two 8/0 demi rounds. In your third round, add three 8/0 demi rounds. In your fourth row, add one 8/0, two 11/0, and one 8/0 demi round. In your fifth row, add one 8/0, three 11/0, and one 8/0 demi round. In your sixth row, add one Swarovski Crystal Pearl.
4. Next, watch our video on how to space out round beads with Toho demi rounds on the Wrapit Loom. In this video, you will see the bead pattern used to weave the body of your bracelet.
5. To end your bracelet, repeat the progression of beads in step three, in reverse.
6. Tie off your thread and glue your knots as shown in the video in step two. Enjoy your bracelet!
