Instructions

The instructions make for an almost 7 1/2 inch bracelet when worn. To make it larger or smaller, simply adjust the number of lava beads you add to each side.

- 1. To make this bracelet, please watch the video: How to Make Your Own Aromatherapy Bracelet with Lava Beads.
- 2. The above video will show you how to make this project from start to finish including how to crimp the crimp beads.

SAFETY WARNING: Essential oils for external use only. Other than aromatherapy, dilute with a carrier oil. For topical use, rub a very small diluted amount on the inside of your elbow area to test for any allergic reaction before use. Discontinue use if any allergic reaction occurs. Keep out of the reach of pets. Essential oils can be potentially toxic to pets at certain concentrations. Avoid contact with eyes, keep out of the reach of children. If pregnant, consult with your health care provider before use.
