## Instructions

This bracelet measures approximately 7 inches long. You can easily make it longer or shorter simply by cutting your Zola Chains to a different length.

1. Cut each of your Zola chains so that they are 6 inches long each. Please see the video: How to Finish Zola Chains and Make a Bracelet if you are unsure how to cut the chain.
2. Open a 4mm jump ring and slide the end link of each of the 3 chains onto it. Close the jump ring.
3. Onto the burgundy Zola chain slide the TierraCast evil eye charm.
4. Take another 4mm jump ring, open it, and slide on the other end chain links for all 3 chains. Close the jump ring.
5. Open a Nunn Design oval jump ring and slide onto it one of the closed jump rings holding the chains together. Close the jump ring.
6. Open a 4mm jump ring and slide the loop at the base of the lobster clasp onto it. Close the jump ring.
7. Open a Nunn Design oval jump ring and slide onto it the other closed jump ring holding the chains together as well as the jump ring that is connected to the clasp. Close the jump ring.
