Instructions:

1. Onto a eyepin thread a daisy spacer, a 12mm open leaf bead cap, a 28mm glass bead, another 12mm open leaf bead cap, and finally another daisy spacer.
2. Make a simple loop at the end, and trim off excess wire.
3. Thread two additional eyepins with the following: a 7mm bead cap, a glass drop bead, and a 3.5mm cone flower bead cap. Create a simple loop at the opposite end of each and trim off excess wire.
4. Open the loop at the bottom of each drop bead and thread each loop through the loops at either end of the large glass bead. Close the loops once again.
5. Open the loop at the narrow end of one of the drop beads and thread it through the loop on the bell bead. Close the loop again.
