Instructions

You will also need a toothpick for this project.

1. Please watch our video: How to Make a Tassel using Ultra Suede Fabric Strips. From what you learned in the video, make all five tassels and set aside to dry. One camel colored, two fern green and two swirl clove.
2. Cut four lengths of chain: 1.75", 2", 3", and 4".
3. Open one jump ring and attach one lobster clasp to the end of the piece of 4 inch chain. Close the jump ring. Move to the other side of the chain and attach it to the top of the quatrefoil using a jump ring.
4. Attach the tassels to the chain using jump rings in this order: On to the length of chain that is 2", attach one clove tassel to the bottom and move up about 1.25" and attach the green tassel to the chain. Attach the end of the chain to the opposite side of the quatrefoil.
5. Moving to the right, attach one green tassel to the end of the 3" length of chain. Then attach the chain to the right of the last chain you added to the quatrefoil.
6. On the final length of chain, 1.75" chain, attach the camel tassel to the bottom and then move 1.25" up and attach the final clove tassel. Then attach this chain to the quatrefoil to the right of the last chain.
