Instructions

1. Begin by attaching one jump ring to each of the charms and make sure the jump rings are closed. Do this for all 6 charms, set aside.
2. Cut off a section of memory wire using the memory wire cutters that is two loops around.
3. Make a 1.5mm simple wire loop with the memory wire finishing pliers.
4. For the next step you may choose to coordinate the colors with charms in my example or mix and match them. Nutcracker with Jet Hematite; Gift Box with Majestic Blue; Santa with Crystal; Candy Cane with Scarlet; Christmas Tree with Dark Moss Green; Joy with Aquamarine.
5. String on the beads in the following order: 1 pearl, 1 bicone; repeat 6 times. String on 1 jump ring with a charm. Then string 1 bicone, 1 pearl; repeat 6 times.
6. Finally, make a simple wire loop with the memory wire finishing pliers. Repeat for all 6 charms.
