Instructions

You will also need a paper towel for this project.

1. Before beginning your stamping please watch our video: How to Use Impress Art Stamp Straight Tape. In this video you will learn how to set up the tape and center your letters.
2. Once you have your placement set. Stamp your letters on to the blank, as seen in the video.
3. Remove the tape and stamp the hearts or any embellishment you choose.
4. To add the Patina, place a dab of paint on to a scrap piece of paper. You don't need much. Take your paint brush and add a little bit into the stamping impressions. If you are doing two colors as seen in the example, do the center color first; in this case it's the black. Dab the paint, then quickly wipe away with the paper towel.
5. Repeat with the second color; pink.

6. Attach the split ring using the split ring pliers.
