Instructions

These are so easy to make! No tools required and they take less than 5 minutes. Don't forget to double these directions to make your matched pair of cuff links.

1. Flip your compass upside down on a flat surface.
2. Place a dab of E6000 glue onto the flat glue-on tab of your cuff link. Turn over and press into place on the backside of your compass.
3. Let dry for 24 hours.
4. All done! It really was that easy.
