SKU: TRC-233
Project uses 1 piece

SWAROVSKI ELEMENTS #1028 Xilion Round Stone Crystal Chatons pp14/2.05mm Lt Rose (40)

SKU: SWCH-11480
Project uses 90 pieces

SWAROVSKI ELEMENTS #1028 Xilion Round Stone Crystal Chatons pp14/2.05mm Fuchsia (40)

SKU: SWCH-11484
Project uses 50 pieces

SWAROVSKI ELEMENTS #1028 Xilion Round Stone Crystal Chatons pp14/2.05mm Rose (40)

SKU: SWCH-11482
Project uses 80 pieces

Specialized Tools

Beadsmith Magical Rhinestone Pick Up Tool With Cleaning Kit - Great For Placing Flatback Rhinestones

SKU: XTL-4004

Instructions:

Please note: You can make this project with 2 packages instead of 3 packages of SWAROVSKI ELEMENTS pp14 chatons in light rose if you use 10 - 20 more fuchsia colored ones at the bottom of the heart. The result will be very similar, there will just be less pink at the top.

Please note, the closeness that you lay the stones into the clay greatly affects how many chatons end up being used.

1. Begin by watching the video: [How to Use Crystal Clay](#).
2. Based upon what you learned in the video, mix up a gumbdrop size amount of cotton candy pink Crystal Clay. After it is thoroughly mixed, use your fingers to form it into a heart shape (mimicking the shape of the bezel heart setting).
3. Press the clay into the bezel portion of the compact and use your fingers to push it to the edges. Work slowly and carefully, keep pushing it to the edges and smoothing it out. When you are happy with how it is spread out, use just the tip of your finger to smooth out any fingerprints.
4. Take your magical pick and set down 50 SWAROVSKI ELEMENTS size pp14 chatons in fuchsia into the base area of the heart. Make sure that you press them down so that their edge is just below the clay surface. It also helps if you set the ones along the side of the heart first.
5. After you have set the fuchsia chatons, set 80 rose colored ones. You want these to form the middle layer. Finally set 90 light rose chatons at the top of your heart.
6. Let cure overnight.

Variations

Try a different color of base Crystal Clay and matching chatons with this project.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
