

Sarah's Eyeglass Holder

Project C650 [Skill Level: Beginner]

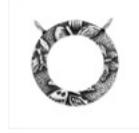

Designer: Sarah Diamond

This lovely eyeglass holder features an antique silver plated ring with butterfly detail and hangs from an ornate flower link connector chain. The design is as pretty as it is functional and doubles as a tasteful necklace.

Instructions:

1. Start this project by cutting your chain to the desired length. I chose 28" so that it can easily slide over the head.
2. Open an antique silver plated jump ring and attach it to the end chain link as well as one of the loops on your eyeglass holder ring.
3. Repeat the previous step on the other side of your necklace.
4. Enjoy!

Variations

Choose from a wide variety of antique silver colored chains for this project.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
