Wire Looping Pliers - Concave And Round Nose

## Instructions

Remember to double these instructions to make your matched pair of earrings.

1. Thread one 12 mm peridot Swarovski Crystal clover bead onto a 1", 21 gauge 22k gold plated head pin. Use wire looping pliers to create a simple wire loop after the clover bead.
2. Use a pair of chain nose pliers to hang the clover bead from a 22k gold plated pewter celtic circle earring post with the wire loop you made. You might find the instructional video: How to Open and Close Jump Rings helpful.
3. Place the earring back onto the earring post.
