Project uses 4 pieces

Light Blue Chalk Turquoise Round Beads 8mm Stabilized /15.5 Inch Strand

SKU: SPTU-20  
Project uses 2 pieces

### Specialized Tools

Eurotool Nylon Jaw Pliers Chain Nose- For Scratch-Free Wire Work

SKU: XTL-0074

Beadsmith Jewelry Fine Round Nose Micro Pliers

SKU: XTL-5514

Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

SKU: XTL-5600

### Instructions:

Remember to double these instructions to create your matched pair of earrings. The black finish on these components can be scratched somewhat easily. Use nylon jaw pliers wherever possible to avoid marking up the pieces.

1. Place an 8 mm light blue chalk turquoise round bead onto a 2", 21 gauge black plated brass head pin. Use a pair of round nose pliers to create a simple wire loop after the bead.
2. Use a 6 mm, 20 gauge black finish pewter oval jump ring to hang the bead from one of the holes on a black finish pewter rectangle connector link.
3. Use a second jump ring to attach a black finish pewter stud earring dome post to the second hole on the connector link.
4. Place a gunmetal plated earring back on the back of the post.

### Variations

Choose a different finish and shape for your connector links with gemstones to match and achieve a whole different look for your earrings.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
