Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

SKU: XTL-5600

Wire Looping Pliers - Concave And Round Nose

SKU: XTL-5032

Instructions:

Remember to double these instructions to create your matched pair of earrings.

1. Place an 8mm crystal comet argent light cube bead, a silver plated squaredelle spacer bead with rose crystals, and a 6mm rondelle spacer bead onto a 1.5", 22 gauge sterling silver head pin.
2. Create a simple wire loop after the spacer bead.
3. Cut a 1.5" length of sterling silver 2mm flat cable chain.
4. Join the wire loop to your head pin and insert it into one of the end links of your piece of chain. Close the loop.
5. Gently open the loop on a sterling silver leverback earring and insert it into the loose end link of your chain. Close the loop.

Variations

Choose squaredelles and cube beads to match your outfit or event colors.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
