

Jessica Earrings

Project E1092 [Skill Level: Beginner]

Designer: Megan Milliken

Fun amethyst purple heart shaped crystals dangle from silver filled chain in these earrings. These earrings have a lot of movement, and the heart pendants move freely on the chain.

NOTE: The chain used in this project has been discontinued and has been replaced with another chain. The overall look of the earrings will not change much, but the chain will be slightly different than the one pictured.

Instructions:

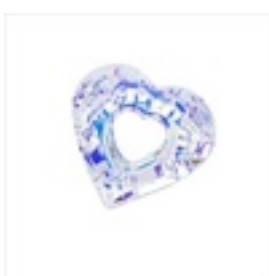

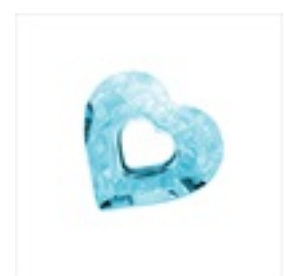

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Cut a piece of silver filled chain that is 4" long.
2. Thread the chain through the center hole of an amethyst crystal Miss U heart shaped pendant and bring the ends back together.
3. Open the loop on a sterling silver ball post earring and slide both ends of the chain onto it, making sure the chain isn't twisted. Close the loop.
4. Place a silver filled earring back onto the post.
