Project uses 1 tube

Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Choose the two cat cabochons you want to use for your earrings.
2. Apply a dab of E6000 glue to the back of one cabochon and press it into place in an antique brass bezel pendant. Allow the glue to set before continuing.
3. Use a 4mm jump ring to attach the top ring of your bezel pendant to one side of an antique brass bow connector.
4. Open the loop on an antique brass earring hook and hang the top loop of your bow connector from the hook. Close the loop.
5. Allow all glue to dry thoroughly before wearing.
