Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. This chain is very specific to this design. The smaller hole of the teardrop will always be facing up.
2. For this project you will need four lengths of chain: 2", 1.5", 1", and 1/2".
3. With the large end of the teardrops facing down, attach one "x" charm to the bottom of each 1/2" and 1.5" chain lengths.
4. With the large end of the teardrops facing down, attach one "o" charm to the bottom of each 1" and 2" chain lengths.

5. Open one 4mm jump ring and attach the top of each chain in this order: 2", 1.5", 1", and 1/2". With all four chains around the loop, add the silver heart earring finding before closing the jump ring.
6. Add one silver plated earnut backing to the silver plated heart earring post.
