Project uses 8 pieces

Czech Glass Snake Beads, Round Firepolish 8mm, 1 Strand of 19 Pieces, Fuchsia

SKU: BCP-10925

Project uses 6 pieces

### Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

## Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. On to one earring hoop thread one silver bead, one snake bead, one silver bead, one snake bead, one silver bead, one snake bead, and one silver bead. Thread them onto the side of the earring hoop without the flattened hole.
2. Take your chain nose pliers and bend the tip (approximately 1/8 inch) of the end of the earring hoop up to a 90 degree angle. This will create the connector for the earring hoop so that this tip of wire will fit inside the other side with the flattened hole and be secure while wearing. Please reference the photo for more detail.
