Project uses 2 pieces

Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose, [XTL-5514] Beadsmith Jewelry Fine Round Nose Micro Pliers

Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Begin by opening the jump rings in the bar chain, removing five bars and discarding the jump rings, you will be using the 5mm 20g jump rings for this project.
2. Open one jump ring and attach one end of one bar to the hole on one side of the larger stamping. Close the jump ring.
3. Repeat on the other side of this stamping with another bar. This is the bottom of the earring. (See photo for reference)
4. Take one jump ring and attach two bars to the same ring. Before you close this jump ring, attach one earring hook to this jump ring. This will be the top of your earring. (See photo for reference)
5. To attach the center, take the smaller stamping blank and attach one jump ring to each hole in the stamping and close the jump ring.

6. Next, open one jump ring, attach it to the bar that is attached to the larger stamping, the jump ring that is on the smaller stamping, one more bar, and to the bar that is part of the top part of the earring. Close the jump ring.
7. Repeat on the other side to finish the earring.
8. All done!
