Pliers

Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring.

1. Cut off 1.5 inches of chain by cutting off the jump rings that attach them. You will need a portion of the chain that begins and ends with a larger round link. Your length of chain should be 3 large links and 2 small links. Be sure to cut off the jump rings attached at either end.

2. Open one jump ring and attach the Rivoli pendant and the last link in the chain. Close the jump ring.

3. Open the loop of the earring hook, same way you would a jump ring and attach the other end of the chain to this loop. Close the loop.

4. All done!
