Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring. You will also need a paper towel for this project.

1. Please watch our video: [How to Use Vintaj Patinas and Glaze](#).
2. From what you learned in the video, take your paint brush and dab patina into the bezel around the fleur de lis. Quickly use a paper towel to dab the excess paint so the fleur de lis is unpainted and the color is just in the bezel. Let dry for a few minutes.
3. Open the loop of the earring hook, same as you would a jump ring, and attach the shield charm. Close the loop.
4. All done!
