Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring.

1. Cut off two lengths of chain, 5 links each. Set aside.
2. Take one eye pin and string on one cathedral bead. Make a simple wire loop. Trim any excess wire.
3. Open the loop of one earring hooks, same as you would a jump ring, and attach one length of chain. Close the loop.

4. Open the loop of the eye pin with the cathedral bead on it and attach it to the length of chain on the earring hook. Close the loop.
5. Open the loop on the other side of the eye pin with the cathedral bead, attach the second length of chain. Close the loop.
6. Open one jump ring and attach the charm to the end of the chain. Close the jump ring.
7. All done!
