Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring. You will also need a paper towel for this project.

1. Please watch our video: [How to Use Vintaj Patinas and Glaze](#).
2. Begin by adding a few drops of Patina to a scrap of paper on your work surface. Take a paint brush and dab the patina on to the front of the filigree stamping. Quickly dab and wipe off the excess Patina with a paper towel so the blue remains in the crevices of the design.
3. Repeat the above step to get your desired look. Once achieved, allow to dry for a few minutes.
4. Open the loop of one earring finding and string on the painted filigree piece so that it is facing forward and close the earring loop.
