Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring.

1. Please watch our video: How to Make a Tassel with Round Leather Cord. In this video, you will see how to cut your leather pieces, and glue them into the cord end.

2. To finish it off, open the loop of an earring hook, same as you would a jump ring, and attach the cord end to the loop. Close the loop.
