## Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring.

1. String on one pearl to one headpin. Make a simple wire loop. Trim any excess wire.
2. String on one bicone to one eye pin. Make a simple wire loop. Trim any excess wire.
3. Open the simple wire loop on the pearl, same as you would a jump ring, and attach it to the simple wire loop of the bicone. Close the loop.
4. Move to the other side of the bicone, open the loop and attach it to the loop of the earring hook. Close the loop and you're all done!
