Project uses 1 piece

## Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose, [XTL-5514] Beadsmith Jewelry Fine Round Nose Micro Pliers

## Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring. Note: You will also need a toothpick or scrap of wire for this project.

1. Begin by using a toothpick to add a dab of glue to the well of the Rivoli finding. Place the Rivoli with the shiny side facing up into the well. Make sure it is centered and allow to dry.
2. Open one jump ring and attach it to the jump ring of the tassel as well as to the loop of the Rivoli finding. Close the jump ring.
3. Move to the other side of the Rivoli finding and attach the earring hook by opening the loop of the earring hook, same as you would a jump ring. Close the loop around the Rivoli finding.

4. Allow the glue to set for at least 24 hours before wearing.
