Pliers

Instructions

With the components you'll receive by purchasing this project bundle you'll be able to make two pairs of earrings! By following the instructions below you will make one earring. Repeat all instructions to make the second earring.

1. Thread one headpin through one hole of the circle and align it with the hole of the pearl, then continue it up through the hole on the opposite side of the circle.
2. Make a wrapped wire loop. Trim any excess wire.
3. Slip this loop over the kidney ear wire and you're all done!
