Micro Pliers Chain Nose Flat Nose, [XTL-5514] Beadsmith Jewelry Fine Round Nose Micro

Pliers

Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring.

1. Start by cutting off a length of 4 gemstone links with their loops in tact.
2. Open the loop of the earring post, same as you would a jump ring. Slide the length of gemstone chain on to the loop and close the loop.
3. Remove the jump ring attached to the cross charm.
4. On to the other side of the chain, open a 3mm jump ring and attach the tiny cross charm to the end. Close the jump ring.
5. Attach the earring back when you're ready to wear!
