Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose, [XTL-5514] Beadsmith Jewelry Fine

Round Nose Micro Pliers

Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring.

1. On to one headpin, string on one bicone bead, one bead aligner, one large hole pearl, one bead aligner, and one bicone bead. Make a wrapped wire loop.

2. Next, take one eye pin and string on one bicone bead. Make a simple wire loop. Open one loop of this piece, same as you would a jump ring, and attach it to the wrapped wire loop of the pearl component. Close the loop.
3. Take another eye pin and string on one bicone bead. Make a simple wire loop. Attach this loop to the other side of the eye pin from the previous step.
4. Take another eye pin and string on one bicone bead. Make a simple wire loop. Attach this loop to the other side of the eye pin from the previous step.
5. Finally, open the loop of the last eye pin and attach it to the loop of the earring post. Close the loop and you're all done!
